**TATSACHEN - BEISPIEL:**

Dr. Salman Zafar Shaikh (of New Jersey, USA) reported from Riyadh, Saudi Arabia: **About Official Saudi Report (December 2006)**

I am currently in Riyadh. Yesterday - Wednesday, Dec 20 evening I went with the official Riyadh Moon sighting committee. Of course there was no chance of Hilal anywhere here and the 6 Official Hilal sighting committees of Saudi Arabia (near near Makkah, Riyadh, Qassim, Hail, Tabuk and Asir), each of which includes an Islamic Scholar, an Astronomer, a City council representative and volunteers) all reported negative sighting, as expected. Even the Moonset was before Sunset in Saudi and that is why even the Ummul Qura Calendar also put DhulHijja start for Friday, Dec. 22 and Eid ul Adha for Dec. 31, 2006.
